

I believe that it is very important that every hearing impaired person have access to the TRS. It is very hard for me to communicate with my friends since I moved from West Texas to South Texas. I had to move because it was hard for me to find a job. I had to move in with my parents and I miss my Hearing Impaired Community very much. With access to TRS and if it is made available to where we can afford it since most of us are on SSI or SS, it would be a great blessing to all of us. Thank you for your attention to this comment.
